

Port of Johnstown

A Division of Edwardsburgh/Cardinal Township

The Port of Johnstown has an opening for an Industrial Mechanic (Millwright).

Position Summary

The Industrial Mechanic (Millwright) is a full time, unionized position that supports many aspects of the day to day operations at the Port of Johnstown Grain Elevator. The position supports the various functions within a 190,000 tonne grain elevator. Functions of the facility include but are not limited to, grain loading and unloading of trucks, rail cars and ships, and related grain handling processes. This position must adhere to all Health and Safety Policies and Procedures.

Position Responsibilities:

- Installs, maintains and repairs all mechanical equipment and systems, including hydraulic, pertaining to the handling of grain
- Read, interpret, engineering and component drawings
- Fabricate components when necessary
- Troubleshoot equipment or system failures and perform necessary repairs
- Safely sets up and operates hoists, lifting devices and elevated work platforms
- Perform duties in a safe and timely fashion
- Ability to work from heights
- Work harmoniously with other trades
- Work overtime when required

Qualifications and Skills:

- Industrial Mechanic (Millwright) 433A certification
- Efficient troubleshooting skills
- Ability to read and interpret engineering and component drawings

The Port offers a competitive rate of pay and an excellent benefits package.
