

Request for Proposal

The Port of Johnstown is seeking proposals from consultants with expertise in major marine dock remediation and construction projects for the preparation of all documents and drawings as may be required to publicly tender the remediation, retrofit and/or rebuild of the south and west Port Dock walls.

Will be received until: December 8, 2025 at 12:00 pm

Must be delivered in a sealed envelop to:

Robert Dalley,
Port of Johnstown
3035 County Road #2
Johnstown, Ont
K0E 1T1

And clearly marked on outside:

Port Dock Repairs: Design and Engineering Specifications
Project # 435-001

- **Electronic submissions will not be accepted**

Work Includes:

The Port of Johnstown is seeking proposals for the Design and Engineering Specifications for the remediation, retrofit and/or rebuild of the south and west Port Dock walls. This work will include the preparation of all public tender documents, as well as, a Class D estimate for the above works. All relevant documents will be available on the Port of Johnstown's web site www.portofjohnstown.com as of Monday, October 27, 2025.

A **mandatory** site meeting and job showing will be held upstairs in Admin. Building B at the Port of Johnstown location on Wednesday, **November 5th, 2025 at 11 AM.** All parties interested in attending the mandatory site meeting are asked to e-mail Stephanie McVitty at smcvitty@portofjohnstown.com or call 613-925-4228 indicating their intent to attend.

A Public opening of the proposals will be held upstairs in the Administration B building at the Port of Johnstown on December 8, 2025 at 12:05 pm.

Lowest or any proposal will not necessarily accepted.
